

5th Grade NEWSLETTER

Dear Parents and Guardians,

October 2026

It is hard to believe that September has already come and gone! The month has truly flown by, and we are so proud of how quickly our fifth graders have settled into the school year. Our classroom routines and expectations are just about in place. We are about ready to wrap up our current learning and move on to our next exciting topics in both ELA and Math!

A special thank you to all of the families who joined us for Back-to-School Night on September 30th. We appreciate you taking the time to meet with us and learn more about your child's fifth-grade experience. Your partnership and support make such a difference!

A few important reminders:

- The school day begins promptly at 8:00 a.m. Please make sure your child arrives on time and is ready to begin the day at 8:00 sharp.
- If your child experiences device login issues or needs technical assistance, please reach out to your child's teacher or Ms. Lorina (SLorina@schools.nyc.gov) for support.

Classroom Highlights

Literacy

Module 1 - Inventors at Work

The 5th grade continues learning about inventors. They are reading various genres and collecting information about the circumstances that have prompted people to invent things, as well as the reasons why they did. 5th graders are also learning to leave tracks of their thinking by annotating texts and learning to engage in collaborative discussions about a selection.

Math

Topic 2 - Add and Subtracting Decimals

5th graders will be developing an understanding of addition and subtraction of decimals using models, strategies, and understanding of decimal place values. They will also learn to estimate and compute sums and differences of decimals to hundredths.
