BUCKET FILLERS FOR APRIL

Class 501
Keto Berdzenishvili
Alan Zhong

Class 502
Antonella Angulo
Sheila Yax

Class 503
Nicole Kiria
Nicholasl Oxlaj

ELA

Module 7 - Above, Below, and Beyond

Our class will continue to build their knowledge about exploration, with a focus on the autobiography genre. We will read texts and view videos about important discoveries people have made on land, in the oceans, and in space.

MATH

Topic 13 - Write and Interpret Numerical Expressions

Topic 13 focuses on developing understanding of the order of operations and how to use it to translate, evaluate, and explain numerical expressions with grouping symbols (parentheses, brackets, and braces).

I-READY MINUTES

Students must complete 50 minutes in Math and Reading each week/2 lessons.

WRITING

Students are connecting their writing to our reading module about discoveries and space by creating pieces that include facts, descriptive language, and creativity. This helps strengthen both their understanding and writing skills.

CLASS 501

Teacher: Mrs. Cheregotis
email: Kchereg@schools.nyc.gov

CLASS 502

Teacher: Ms. Tarulli
email: Ttarulli@schools.nyc.gov

CLASS 503

Teacher: Ms. Fischioni
email: Lfischioni@schools.nyc.gov
Teacher: Ms. Flores
email: Aflores29@schools.nyc.gov
