ELA

Module 8 - A New Home

Over the next three weeks, our class will build their knowledge about the experience of moving to a new country, with a focus on the poetry genre. We will read texts and view videos about how people adapt to new experiences to make a home in a new place.

Children will also write an opinion essay about whether or not they think it is easy to adapt to a new experience or place.

MATH

Topic 14 - Graph Points on the Coordinate Plane

Topic 14 develops understanding of the coordinate system. Your child will identify and graph points, as well as solve real-world problems by interpreting patterns shown by graphs on a coordinate plane.
