Thank you to the families that returned the surveys. We are at 84.8% completion. We strive for 100%. Surveys are still open. The feedback is important, so we get an idea of what the parents are thinking and feeling.
 - **NYS Testing**
 - Last month, Ms. Guido gave a presentation. Recapped with a quick overview – NYS is moving towards Computer Based Tests (“CBT”). Last year, all the 5th graders took tests on the computer. This year, 4th and 5th grade Exams will be CBT. Next year, 3rd, 4th and 5th grade exams will be CBT.
 - NYS ELA CBT Grade 4 and 5: 4/22 and 4/23

NYS Math CBT Grade 4 and 5: 5/6 and 5/7

NYS Science CBT Grade 5: 5/13
 - School purchased Datamate, which is a program with a database of questions for the test. Teachers can pick from a bank of questions to create mock tests. Grade 4 and Grade 5 took mock tests last week. They should be very well prepared for the tests.
 - ELA Day 1 consists of all multiple choice questions. Day 2 consists of some multiple choice and some short response questions. Math Day 1 consists of all multiple choice questions. Day 2 consists of constructed response questions. Science consists of multiple choice and short response questions.
 - **Second Marking Period Ends 3/27**
 - **Parent Teacher Conferences (“PTC”) 4/10**

- We voted for the PTC date to be changed to 4/10 so parents will have the report card in front of them for the meeting. 4/10 will be a half day.
- **PROSE Schools Applications**
 - PROSE stands for Progressive Redesign Opportunity Schools for Excellence. We have the opportunity to apply to be a PROSE school. This was developed by UFT, DOE and CSA. We will submit the application by the end of the month to be considered. If we get accepted, we will have certain liberties that other schools don't have, ie: altering teacher schedules, in-person PTC, etc.
- **Celebratory Action - District Video**
 - District administration team came to record our school's best practices. It is an amazing compliment to be chosen. Parents, teachers, and students were also interviewed to get a large scale perspective of our school community.
